Thanks for the update Hanh.

We'll probably still get working on some briefing documents but it won't be as urgent. And that will allow us to see

Ex. 5 Deliberative Process (DP)

Dave

Hi Dave, Chris' trip to the North Slope may be delayed until late June/early July.

I'm going to prepare a briefing paper for Chris on North Slope air issues (not including the Fairbanks PM2.5/targeted airshed grant which Dan will cover).

Ex. 5 Deliberative Process (DP)

Any ideas for what we should make sure he's prepared to discuss will be greatly welcomed.

Dave

Subject: Assignment: Briefing for the RA

Tim would like us to do a joint briefing for Chris on Air and RCRA issues on the North Slope. Chris is travelling in early May, and Tim is currently not thinking that he is going. Tim would like Chris to be briefed on the cleanup levels (residential vs industrial) issue, and the captive insurance issue – we should probably think about introducing the Nuiqsit's interests (sorry, spelling) as well. Please set up a meeting with Dave Bray and I to think through. Thanks,

Lisa
